

BACKSTAGE

Everything is not how it's made to seem
Little thing reveal and tear down the scenes
Spoilers unintended, view angles skewed
Screenwriter's aberrations
Attention hungry prompter, stumbled lines
Am I just an innocent bystander?
Or do I have my role too

Chorus:

Who is more godless than a priest who has lost his faith?
Is there more needless talk than questioning axioms?
What if it all is just to give birth to something new
Something one more step closer to the truth?

First lines of worldwide play written by playwright
Completed by careless crowd
Plot twisted wily, closing credit redacted
Shrewdly as pretext to war
Does someone try to create empires
To raise oneself to the ruthless elite
Backstage of Wall Street?

Chorus
